"I love working here and I feel privileged to work here. One day I was like, you know what, I'm in a position not only emotionally but, even financially for maybe the first time in my life to really give back to something I believe in and I believe in this organization. So I figured it out and it was a big moment for me to do something of that nature and with my whole heart. If I had millions, I would give it. I invite you to join me in supporting the HopeBlooms campaign, it will do so much good for our community."

Aging, illness and grief touch all of us, and the fear we feel while facing these challenges can be overwhelming. The Herb & Laura May Bacon Center for Living Your Best will be a place where seniors meet friends, access a holistic approach to health care and receive life-changing support.

Because of incredible support from our community, the building is complete, but we are not done yet! We are in the final phase of the HopeBlooms campaign and we need your help to reach our community goal. Funds from this phase will help us as we begin to open our next new program—Program of All-Inclusive Care for the Elderly (PACE). This is a unique opportunity to create something that will transcend generations and help make the last chapter of our lives the best it can be.

I invite you to join me in supporting the HopeBlooms campaign, it will do so much good for our community.
